WAREHOUSE:

Type of warehouse: closed and protected against dust and moisture.
Temperature: 15 --- 28°
Max suggested time in warehouse:
- 6 months for cork
- 6 months for micro-agglomerate
- 12 months for synthetic.

NOTE: The corks must be packed in a sealed polythene bag, placed inside a corrugated cardboard box, with supplier identification, product type and lot number. The quantity of product per box may vary +/- 5%.

RECOMMENDATIONS: Keep product boxes on pallet. Do not leave the goods exposed to sun or moisture. Once the bag is opened, it is suggested that the product be depleted or sealed again.
